PROFESSIONAL EXPERIENCE

Digital Marketing Executive (SEO)

ISMT Business School — Mumbai, India

March 2025 – Present

- Manage end-to-end SEO operations for education and exam-based websites, including sub-websites and content clusters.
- Conduct keyword research, search intent mapping, competitor analysis, and content gap analysis to identify high-value organic opportunities.
- Plan and execute pillar-cluster content structures to strengthen topical authority and long-term search visibility.
- Optimize title tags, meta descriptions, URLs, headings, internal links, image SEO, and page structure for improved rankings.
- Implement schema markup including Article, FAQ, and Breadcrumb to improve search engine understanding and SERP visibility.
- Perform technical SEO audits covering crawlability, indexing, page structure, duplicate content, and overall site health.
- Leverage AI-assisted workflows to accelerate content research, identify topical opportunities, and refine SEO content before publication while maintaining editorial quality standards.

- Support off-page SEO through backlink outreach and link-building activities.
 - Monitor keyword performance, indexing status, impressions, clicks, and traffic trends using Google Search Console, Google Analytics, SEMrush, Moz, and Google Keyword Planner.
 - Support lead generation through SEO-driven content, internal linking, and WhatsApp marketing campaigns.
 - Create marketing creatives, thumbnails, posters, and promotional videos using Canva.
